

Easy Screed Pro

- Quick clamp-on 4-stroke petrol power unit
- Unique beam section allows 'free screeding' or striking off from formwork
- Straight drive shaft for the highest reliability
- Variable centrifugal force to suit beam width and concrete slump
- Adjustable handle height for operator comfort
- Extra rigid, structurally engineered, extruded aluminium beams
- 9 different beam lengths to suit your applications
- Easy to maintain and transport

For full compaction of deep slabs, initial poker vibration is recommended. Two drive units should be used on 5.5 and 6m beams.

Model	Engine power (W)	Frequency (Hz)	Weight (kg)	Dimensions (mm)		
				W	H	L
Easy Screed 200 electric 110v & 230v	350	200	15	430	295	2000
Easy Screed 200 petrol 4-stroke	740	100	17	430	295	2000
Easy Screed Pro Drive Unit	1100	83	14.6	700	440	1040
Beams			4.1 kg/m	200	100
